CHAPTER – 2

2.1 Introduction and objective of Handloom Development Department

In J&K, Handloom holds enormous potential to create self employment opportunities and bring distinctive improvement in the quality of life. The unique selling point of the Handloom sector is that it is highly labour intensive industry with low capital investment. It is also a low energy sector with no adverse impact on the environment as weaving is a totally pollution free activity. The sector has an edge over the power loom and mill sectors in its ability to commercially produce the goods in small volumes, openness to innovations, switch over to new designs, adaptability to suit suppliers requirements and creation of exquisite designs. The department of Handlooms is implementing various developmental schemes in the district and state sectors. Many centrally sponsored schemes are also being implemented with the objective of bringing more and more people in this fold. At present, there are 45,000 weavers in J&K out of which 12000 are in organized sector. Besides providing these weavers a platform for marketing their products, the events like Expos and fairs are also aimed at popularizing Handlooms as one of the best choices for profession or enterprise.

4.1 Schemes

Centrally Sponsored Schemes

Revival, Reform & Restructuring Package for Handloom Sector and Concessional credit Component of “National Handloom Development Programme”

I. Guidelines of Revival, Reform & Restructuring package for handloom sector

Background

Acknowledging the financial distress faced by handloom weavers and cooperatives due to their inability

to repay debts, the Finance Minister announced a financial package of Rs.3000 crore for the handloom sector on 28.2.2011. To give effect to this announcement, the scheme named 'Revival, Reform and Restructuring (RRR) package for the handloom sector' was approved by CCEA on 24.11.2011, and according guidelines of the RRR package were issued on 28.11.2011. NABARD is the designated implementing agency of RRR package.

1.2 The modifications in the guidelines of RRR package have been carried out so as to overcome the practical difficulties experienced in implementation of the scheme and to cover more apex societies, primary weaver cooperative (PWC) societies and individual weavers under the package. The revised scheme would also facilitate cheaper credit @ 6% of interest to the handloom sector in line with the Budget announcement 2013-14.

Under the scheme, NABARD has released Rs. 3.13 Crores towards recapitalization assistance to 02 Apex and 86 Primary Weavers Cooperative societies (PWCs) and 112 individual Weavers beneficiaries of J&K State during 2013-14.

Weavers Credit Card Scheme

Weavers Credit Card Scheme of GoI is being implemented by the Handloom Department with an aim to provide adequate and timely credit upto Rs. 2 lacs from banking Institutions to the weavers to meet their credit requirement. The scheme was introduced in the State during 2013-14 and 71 WCCs were issued.

During 2014-15, against a target of 1500 WCCs, 1691 cases have been sponsored by the Department for issuance of WCC to various banks, against which 573 WCCs stands issued.

COMPREHENSIVE HANDLOOMS DEVELOPMENT SCHEME (CHDS)

Introduction:

The handloom sector has a unique place in the Indian economy and plays a vital role in terms of providing employment, cloth production and value addition while at the same time preserves India's rich cultural heritage. The sector provides direct and indirect employment to more than 43 lakh weavers and allied workers, mostly from the SC/ST, backward and minority community. The sector has been sustained by transferring of skills from one generation to another. The sector accounts for approximately 15% of textile production and makes a significant contribution in export earnings. Because of the uniqueness and exclusivity of designs, capability to produce small batch sizes and being eco-friendly fabric, handloom products are in high demand in the international market besides the domestic market and discerning retailers look for reliable source for constant supply of authentic handloom products on regular basis. However, handloom weavers, being unorganised, face problems in supplying their products of large orders in absence of systemised production wherein they may cater to the stringent quality and timely delivery. Therefore, there is a need to bridge the gap through infrastructure development, skill up-gradation, design and product development as per the market demand so that weavers get better remuneration for their products and an assured market. Through sustained efforts of the Ministry of Textiles, there has been significant development of handloom sector which is now able to sustain the competition with machine made fabrics. The Government of India has been following

HANDLOOM WEAVERS COMPREHENSIVE WELFARE SCHEME.

There are two components of this scheme

1. Integrated Handloom Development Scheme (IHDS)

Introduction:

It is a Centrally Sponsored Scheme which has been formulated and introduced by the Government of India for implementation during the 11th Five Year Period (2007-08 to 2011-12) by merging components of four schemes namely Workshed cum Housing Scheme, Deen Dayal Hathkarga Pratsahan Yojana, Integrated Cluster Development Scheme and Integrated Handloom Training Program.

The Integrated Handloom Development Scheme (IHDS) is an attempt to facilitate the sustainable development of handloom weavers located in and outside identified handloom sector into a cohesive, self-managing and competitive socio-economic unit. The objectives of this scheme are as follows:-

Objectives:

- 1: To focus on formation of handloom weavers groups as a visible production group in a selected handloom clusters.
- 2: To assist the handloom weavers Groups for becoming self –sustainable.
- 3: An inclusive approach to cover weavers both within and outside the Co-operative fold.
- 4: To up-grade the skills of handloom weavers/workers to produce diversified products with improved quality to meet the market requirements.
- 5: To provide suitable workplace to weavers to enable them to produce quality products with improved productivity.
- 6: Market orientation by associating entrepreneurs, designers and professionals for marketing, designing and managing the production.
- 7: To facilitate process of credit from financial institutions/banks.
- 8: To encourage co-operativisation of weavers.
- 9: Holistic and flexible interventions to provide need based inputs specific to each cluster/group.

Achievements

Under design development and product diversification component of the Cluster scheme, 7 Designers and one Chief designer have been engaged for Designing, Development and production of all the cluster projects.

- Sample catalogues have been prepared for advertisement of the Products.
- Marketing survey is being undertaken for marketing of the product.
- Assistant Directors (CDE) have undergone training at Ahmedabad under Cluster Scheme.
